IBM

IBM Storage Sales, Version 7

Visit: <http://www.pass4sureofficial.com/exams.asp?examcode=000-743>

Pass4sureofficial.com is a reputable IT certification examination guide, study guides and audio exam provider, we not only ensure that you pass your 000-743 exam in first attempt, but also you can get a high score to acquire IBM certification.

If you use pass4sureofficial 000-743 Certification questions and answers, you will experience actual 000-743 exam questions/answers. We know exactly what is needed and have all the exam preparation material required to pass the exam. Our IBM exam prep covers over 95% of the questions and answers that may be appeared in your 000-743 exam. Every point from pass4sure 000-743 PDF, 000-743 review will help you take IBM 000-743 exam much easier and become IBM certified. All the Questions/Answers are taken from real exams.

Here's what you can expect from the Pass4sureOfficial IBM 000-743 course:

- * Up-to-Date IBM 000-743 questions taken from the real exam.*
- * 100% correct IBM 000-743 answers you simply can't find in other 000-743 courses.*
- * All of our tests are easy to download. Your file will be saved as a 000-743 PDF.*
- * IBM 000-743 brain dump free content featuring the real 000-743 test questions.*

IBM 000-743 certification exam is of core importance both in your Professional life and IBM certification path. With IBM certification you can get a good job easily in the market and get on your path for success. Professionals who passed IBM 000-743 exam training are an absolute favorite in the industry. You will pass IBM 000-743 certification test and career opportunities will be open for you.

Question: 1

A remote backup and recovery site within 50 miles of headquarters requires 7 x 24 x 365 data availability in a heterogeneous UNIX environment. Which of the following IBM storage functions best meets the customer's business continuance requirements?

- A. Global Mirror
- B. Metro Mirror
- C. FlashCopy
- D. High Availability Cluster Multiprocessing

Answer: B

Question: 2

A rapidly growing distributor is concerned with the possibility of a natural disaster occurring in the area. They currently have two IBM UNIX servers, both being backed up nightly to an IBM TotalStorage 3584 Tape Library. Tapes are taken offsite nightly. In order to help the customer achieve the next level of disaster recovery protection, which of the following is the most cost-effective recommendation?

- A. Add additional LTO drives to their library and make two copies of their data nightly.
- B. Move the IBM TotalStorage 3584 Tape Library to a remote location and perform backups nightly.
- C. Install the IBM System Storage 7710 at their site and make multiple copies of their data that can be restored quickly.
- D. Duplicate their existing environment (servers and library) at a remote location.

Answer: B

Question: 3

An IBM storage specialist is talking to a client regarding their current tape library and backup strategy. Which of the following would be most appropriate to identify the customer's business challenges?

- A. What tape technology is currently being used?
- B. How many tape drives are in the library?
- C. What software is being used for backup?
- D. Has there been any recent loss of data?

Answer: D

Question: 4

In a recent customer meeting, the data center director described ever increasing application storage requirements. Furthermore, the director wants to consolidate storage from multiple, heterogeneous storage arrays onto a single, high performance, highly scalable storage server. This migration and consolidation needs to be performed quickly and with minimum application downtime. Which IBM product should the sales specialist discuss with the customer?

- A. SAN Volume Controller
- B. Tivoli Storage Manager
- C. SAN File System
- D. Enterprise Remote Copy Management Facility

Answer: A

Question: 5

A customer has a combination of Microsoft Windows file servers with direct attached storage and IBM pSeries database servers attached to a FASTT 200 SAN device that is reaching capacity. The customer needs to migrate to a more scalable storage server. Which of the following would be most appropriate to ask in the initial conversation?

- A. How much space is available in the current storage systems?
- B. What is the version and release level of the database?
- C. Will all servers be SAN attached?
- D. What is the projected growth rate of data?

Answer: D

Question: 6

A customer wants highest availability, serviceability, and performance for open systems and z/OS workload. Which of the following solutions would best meet the customer's needs?

- A. IBM TotalStorage DS4800 Storage Server with the IBM TotalStorage SAN Volume Controller
- B. IBM TotalStorage DS6800 Storage Server and IBM TotalStorage SAN Volume Controller
- C. IBM TotalStorage DS8300 with TotalStorage Productivity Center (TPC)
- D. IBM TotalStorage Data Retention 550 and Tivoli Storage Resource Manager

Answer: C

Question: 7

A customer is concerned about the high cost of implementing SAN attached storage for their Microsoft Windows application and database servers. They do need to consolidate storage and share data, while utilizing existing network infrastructure. Which IBM TotalStorage product line should be proposed?

- A. N Series for CIFS and iSCSI support
- B. Multiprotocol Router Model A16 for FCIP support
- C. DS300 Storage Server for iSCSI support
- D. DS8300 Storage Server for partitioning support

Answer: A

Question: 8

Information Technology management for a company is struggling to manage multiple file systems in their current IBM System Storage SAN environment. They would like to manage Microsoft Windows, Linux and UNIX file systems from a single management console. Which product should be discussed with this client?

- A. Network File System (NFS)
- B. IBM SAN File System (SFS)
- C. IBM San Volume Controller (SVC)
- D. IBM Tivoli Storage Manager (TSM)

Answer: B

Question: 9

A customer has a requirement to add twelve additional servers (dual attached) to their existing two Brocade 16 port SAN Switches that have no more ports available. Which of the following should be recommended to accommodate the current capacity requirement, allow for future growth, and provide 2 GB support?

- A. One IBM TotalStorage SAN16B-R
- B. One IBM TotalStorage SAN16B-2
- C. One IBM TotalStorage SAN Director Model M14
- D. One Cisco Storage Director MDS 9506

Answer: C

Question: 10

A customer has a requirement to replace an aging EMC storage system for SAP in a UNIX environment. The customer has a limited budget and wants the best performance for the price. Which of the following options would be the most appropriate solution?

- A. IBM TotalStorage DS4100
- B. IBM TotalStorage DS4800
- C. IBM TotalStorage DS6800
- D. IBM Enterprise Storage Server

Answer: B

Question: 11

A customer has 12 Microsoft Windows 2003 servers that need a total of 2 TB of CIFS file space. Point-in-Time copy capabilities are required to reduce their backup windows. Which additional software would need to be ordered for an N3700 NAS Filer to meet this capability?

- A. FlexVol
- B. SnapCopy
- C. SnapLock
- D. SnapRestore

Answer: D

Question: 12

A customer has a heterogeneous environment. They want the ability to scale their storage infrastructure to meet rapidly changing business conditions. Which of the following would be most appropriate to discuss with the customer?

- A. Business Continuity
- B. On Demand Environment
- C. Information Lifecycle Management
- D. Tiered Storage Hierarchy

Answer: B

Question: 13

Which of the following is the best example of Information Lifecycle Management?

- A. Creating TSM copy storage pools for exporting of off-site tape volumes
- B. Running Global Mirror for remote replication of Oracle Database
- C. Migrating infrequently accessed test data from fibre channel disk to SATA disk
- D. Migrating data from LTO-1 to LTO-3 tape technology to increase library capacity

Answer: C

Question: 14

Pass4SureOfficial.com Lifetime Membership Features;

- Pass4SureOfficial Lifetime Membership Package includes over **2500** Exams.
- **All** exams Questions and Answers are included in package.
- **All** Audio Guides are included **free** in package.
- **All** Study Guides are included **free** in package.
- **Lifetime** login access.
- Unlimited download, no account expiry, no hidden charges, just one time \$99 payment.
- **Free updates** for Lifetime.
- **Free Download Access** to All new exams added in future.
- Accurate answers with explanations (If applicable).
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions, Answers and Study Guides are downloadable in **PDF** format.
- Audio Exams are downloadable in **MP3** format.
- **No authorization** code required to open exam.
- **Portable** anywhere.
- 100% success **Guarantee**.
- **Fast**, helpful support 24x7.
