

000-101

IBM

Virtualization Technical Support for AIX and Linux

Visit: <http://www.pass4sureofficial.com/exams.asp?examcode=000-101>

Pass4sureofficial.com is a reputable IT certification examination guide, study guides and audio exam provider, we not only ensure that you pass your 000-101 exam in first attempt, but also you can get a high score to acquire IBM certification.

If you use pass4sureofficial 000-101 Certification questions and answers, you will experience actual 000-101 exam questions/answers. We know exactly what is needed and have all the exam preparation material required to pass the exam. Our IBM exam prep covers over 95% of the questions and answers that may be appeared in your 000-101 exam. Every point from pass4sure 000-101 PDF, 000-101 review will help you take IBM 000-101 exam much easier and become IBM certified. All the Questions/Answers are taken from real exams.

Here's what you can expect from the Pass4sureOfficial IBM 000-101 course:

- * Up-to-Date IBM 000-101 questions taken from the real exam.
- * 100% correct IBM 000-101 answers you simply can't find in other 000-101 courses.
- * All of our tests are easy to download. Your file will be saved as a 000-101 PDF.
- * IBM 000-101 brain dump free content featuring the real 000-101 test questions.

IBM 000-101 certification exam is of core importance both in your Professional life and IBM certification path. With IBM certification you can get a good job easily in the market and get on your path for success. Professionals who passed IBM 000-101 exam training are an absolute favorite in the industry. You will pass IBM 000-101 certification test and career opportunities will be open for you.

QUESTION: 1

Which of the following IOS commands displays information about paths to MultiPath IO (MPIO) devices?

- A. lspath
- B. fcstat
- C. lssvc
- D. fcrep

Answer: A

QUESTION: 2

An administrator wants to query the CPU resources of the managed system 9117-MMA*6512345 from the Hardware Management Console (HMC) command line. Which of the following HMC commands could achieve this?

- A. lssysres -r cpu -m 9117-MMA*6512345 -r sys
- B. lshwcfg -r proc -m 9117-MMA*6512345 -level sys
- C. lshwres -r proc -m 9117-MMA*6512345 -level sys
- D. lssyscfg-r proc -m 9117-MMA*6512345 -r sys

Answer: C

QUESTION: 3

An administrator has implemented the following LPARs on a Power 570 with 32 GB memory with 512 MB remaining for allocation:

LPAR 1 memory : min = 10 GB des = 15 GB max = 24 GB LPAR 2 memory : min = 10 GB des = 15 GB max = 24 GB The administrator receives a request to add 2 GB to LPAR 1. The only way to do this is by moving memory from LPAR 2 to LPAR 1. The administrator attempts to move the memory, but the operation fails. The administrator can however allocate 512 MB that is free to LPAR 1 on the 570. What is the most likely cause of this failure when dynamically moving memory?

- A. Insufficientpinnable memory frames available on LPAR 2
Insufficient pinnable memory frames available on LPAR 2
- B. Service IBM.DRM is unavailable on LPAR 1
- C. Insufficient paging space on LPAR 1
- D. Maxperm% is set too low on LPAR 2

Answer: C

QUESTION: 4

Which of the following are requirements for Live Partition Mobility (LPM)?

- A. All shared disks have reserve_policy set to "no_reserve" All user defined virtual devices are in slot 11 or above. The hardware is POWER6 or later.
- B. All shared disks have reserve_policy set to "no_reserve" Redundant error path reporting is configured. PowerVM Enterprise Edition is configured.
- C. All shared disks have reserve_policy set to "reserve" All user defined virtual devices are in slot 11 or above. PowerVM Enterprise Edition is configured.
- D. All shared disks have reserve_policy set to "reserve" Redundant error path reporting is configured. The hardware is POWER6 or later.

Answer: A

QUESTION: 5

When configuring Shared Ethernet Adapter (SEA) failover between two VIO servers, which of the following attributes must have a different value on both VIO servers?

- A. HA Mode
- B. Trunk priority
- C. Default VLAN ID
- D. Control Channel

Answer: B

QUESTION: 6

Your company has 4 POWER6 servers managed by a Hardware Management Console (HMC). They plan to install a second HMC for redundancy. Which of the following statements correctly describes the dual HMC environment?

- A. Both HMCs are automatically notified of any changes that occur in the managed systems, so results of changes made to the managed system by one HMC are visible on the other.
- B. Authorized users must have the same username and password on both HMCs, so that every user of one HMC is automatically authorized on the other.
- C. To provide the Service Agent function, both HMCs must have Service Agent enabled and a dedicated modem and phone line.
- D. Both HMCs must be running the same software revision. Software maintenance must be performed on both HMCs at the same time, but one HMC should be disconnected from the same private network causing an interruption to HMC functions.

Answer: A

QUESTION: 7

An administrator is creating a new LPAR with 6 virtual processors and 4 processing units. This LPAR must have the highest priority in the shared processor pool. Which weight should be assigned to this LPAR?

- A. 0
- B. 1
- C. 256
- D. 255

Answer: D

QUESTION: 8

What does the "allow performance information collection" button do in the Hardware Management Console (HMC) GUI?

- A. It allows you to get inter partition reports, or cross partition performance activity.
- B. It is effective only on POWER6 and when Live Partition Mobility operations are planned.
- C. It will start standard performance monitoring tools when an LPAR boots up, the output will be saved to the /etc/perf directory by default.
- D. It will allow IBM remote technical support to get performance information from the machine.

Answer: A

QUESTION: 9

Your company would like to share the processor resources automatically between logical partitions. Which of the following would accomplish this requirement without user interaction?

- A. Dynamic LPARs
- B. Enterprise Workload Manager
- C. UncappedMicro-Partitioning
- D. On/Off Capacity on Demand

Answer: B

QUESTION: 10

Simultaneous Multithreading (SMT) is enabled in a POWER6 VIO client running AIX 6.1. Which command would be used to disable it after the next operating system reboot is performed?

- A. `echo 0 > /proc/sys/smt_enable`
- B. `smtctl -m off -w boot`
- C. `chdev -l sys0 -a smt=off`
- D. `schedo -o smt=0 -p`

Answer: B

QUESTION: 11

Your company has a mixed environment of AIX on POWER4 and POWER5, and x86 based systems running a supported distribution of Linux. There is a total of 7 partitions and three standalone x86 servers. The customer wants to consolidate their applications using a single 4-core POWER6 server. What is the minimum PowerVM edition that supports the customer requirement?

- A. PowerVM Enterprise Edition
- B. PowerVM Lx86
- C. PowerVM Express Edition
- D. PowerVM Standard Edition

Answer: D

QUESTION: 12

When running an update on a single VIO server, what tasks should be performed before applying VIO server updates with the `updateios` command?

- A. Back up the VIO server and its clients. Remove all virtual Ethernet and SCSI devices. Reboot the VIO server. Remove all Interim Fixes and commit previous VIO server updates.
- B. Back up the VIO server and its clients. Document the virtual Ethernet and SCSI devices. Shut down the VIO clients connected to the VIO server or disable any virtual resource that is in use. Remove all Interim Fixes. Commit previous VIO server updates.
- C. Back up the VIO server and its clients. Document the virtual Ethernet and SCSI devices. Remove all virtual Ethernet and SCSI devices. Remove all Interim Fixes and commit previous VIO server updates. Shut down the clients.

Pass4SureOfficial.com Lifetime Membership Features;

- Pass4SureOfficial Lifetime Membership Package includes over **2500** Exams.
- **All** exams Questions and Answers are included in package.
- **All** Audio Guides are included **free** in package.
- **All** Study Guides are included **free** in package.
- **Lifetime** login access.
- Unlimited download, no account expiry, no hidden charges, just one time \$99 payment.
- **Free updates** for Lifetime.
- **Free Download Access** to All new exams added in future.
- Accurate answers with explanations (If applicable).
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions, Answers and Study Guides are downloadable in **PDF** format.
- Audio Exams are downloadable in **MP3** format.
- **No authorization** code required to open exam.
- **Portable** anywhere.
- 100% success **Guarantee**.
- **Fast**, helpful support 24x7.
