IBM

xSeries Technical High Performance Servers

Visit: <http://www.pass4sureofficial.com/exams.asp?examcode=000-677>

Pass4sureofficial.com is a reputable IT certification examination guide, study guides and audio exam provider, we not only ensure that you pass your 000-677 exam in first attempt, but also you can get a high score to acquire IBM certification.

If you use pass4sureofficial 000-677 Certification questions and answers, you will experience actual 000-677 exam questions/answers. We know exactly what is needed and have all the exam preparation material required to pass the exam. Our IBM exam prep covers over 95% of the questions and answers that may be appeared in your 000-677 exam. Every point from pass4sure 000-677 PDF, 000-677 review will help you take IBM 000-677 exam much easier and become IBM certified. All the Questions/Answers are taken from real exams.

Here's what you can expect from the Pass4sureOfficial IBM 000-677 course:

- * Up-to-Date IBM 000-677 questions taken from the real exam.
- * 100% correct IBM 000-677 answers you simply can't find in other 000-677 courses.
- * All of our tests are easy to download. Your file will be saved as a 000-677 PDF.
- * IBM 000-677 brain dump free content featuring the real 000-677 test questions.

IBM 000-677 certification exam is of core importance both in your Professional life and IBM certification path. With IBM certification you can get a good job easily in the market and get on your path for success. Professionals who passed IBM 000-677 exam training are an absolute favorite in the industry. You will pass IBM 000-677 certification test and career opportunities will be open for you.

QUESTION: 1

A company wants a solution to consolidate their storage using FAStT and implement a disaster recovery solution across two data centers linked by fibre to duplicate the production environment. The customer requires a solution with the least amount of system administration. Which configuration would provide the best solution?

- A. Implement one FAStT700 at each location connected to the fibre link and use Remote Volume Mirror (RVM)
- B. Implement a FAStT700 at each location using FlashCopy option and use host based replication to synchronize the sites.
- C. Implement a switched fabric using redundant SAN switches with a FAStT600 using RVM option at each location.
- D. Implement a switched fabric using SAN switches connected via ISL with a FAStT700 using RVM option at each location.

Answer: D

QUESTION: 2

A customer wants to create backups at a remotely located datacenter. Price and performance are of primary importance, backup to disks at the remote location is selected instead of tape. The remote location is 1 KM (0.6 Miles) away from the data center. NAS is the solution being considered. Which of the following is the benefit of this solution?

- A. NAS runs on 2Gb fibre, which will provide better performance
- B. NAS uses WAN infrastructure, which can easily span the 1 KM gap
- C. NAS requires fibre storage, which allows dual paths for redundancy
- D. NAS requires iSCSI routers and that offers better growth environment

Answer: B

QUESTION: 3

Attaching to a SCSI storage system through redundant paths will provide which of the following?

- A. Load balancing between HBAs
- B. High Availability and failover
- C. File sharing on the storage system

D. A greater number of LUNS available on the same storage system

Answer: B

QUESTION: 4

A customer has just purchased an IBM BladeCenter with six blades running Windows 2000 with Internet Information Server. With the additional open blade slots, they have a requirement to automatically deploy images upon blade installation. What three actions are required to implement this task?

- A. Ensure Director Agent is installed on BladeCenter chassis
- B. Ensure an IBM Director Server has been properly installed and configured.
- C. Run BladeCenter Management task on BladeCenter chassis from IBM Director Console
- D. Run BladeCenter Configuration task on BladeCenter chassis from IBM Director Console
- E. Ensure Remote Deployment Manager (RDM) has been installed and images are created and available.
- F. Run BladeCenter Deployment Wizard task on BladeCenter chassis from IBM Director and assign profiles to each of the slots.
- G. Ensure Server Plus Pack option has been installed and configured

Answer: B, E, F

QUESTION: 5

An administrator attaches a network cable to his server and a network connectivity device. All other computers on the network are capable of communicating. The light on the server's adapter indicates a link but the machine is not able to communicate with other machines attached to the network device. Which two of the following are the most likely reasons for this behavior?

- A. There is no connection from the server to the connectivity device
- B. The connectivity device is a switch with a failed power supply
- C. The server is not using the same protocol as the other machines
- D. The connectivity device is a switch, which uses store-and-forward and the network speeds of the server and the other devices are different
- E. The device is a switch that is configured with a VLAN that does not allow traffic from the server's port

Answer: C, E

QUESTION: 6

Due to the pricing of MP processors, a customer is evaluating DP processors. They have current budget constraints and do not want to discard obsolete hardware after a scaling step. While the rate of the growth is uncertain, it is calculated that two processors will meet their immediate needs. Their projected growth indicates they will need more than four processors. Which of the following recommendations will provide the best path for growth at the lowest cost?

- A. Begin with a dual DP x445 and scale in the same chassis
- B. Begin with a dual MP x445 and scale in the same chassis
- C. Begin with a dual DP x445 and scale out in an extra chassis
- D. Begin with a dual MP x360 and scale to a different machine

Answer: B

QUESTION: 7

Use the Exhibit button to display the information for this question.

File server performance characteristics

Given the typical file server characteristics chart, what impact will adding more memory have on the server's performance?

Pass4SureOfficial.com Lifetime Membership Features;

- Pass4SureOfficial Lifetime Membership Package includes over **2500** Exams.
- **All** exams Questions and Answers are included in package.
- **All** Audio Guides are included **free** in package.
- **All** Study Guides are included **free** in package.
- **Lifetime** login access.
- Unlimited download, no account expiry, no hidden charges, just one time \$99 payment.
- **Free updates** for Lifetime.
- **Free Download Access** to All new exams added in future.
- Accurate answers with explanations (If applicable).
- Verified answers researched by industry experts.
- Study Material **updated** on regular basis.
- Questions, Answers and Study Guides are downloadable in **PDF** format.
- Audio Exams are downloadable in **MP3** format.
- **No authorization** code required to open exam.
- **Portable** anywhere.
- 100% success **Guarantee**.
- **Fast**, helpful support 24x7.
